

THE BIG CHALLENGE

The Big Challenge is an English contest for schools. It all started in France in 1999, and today it is a European contest in which we have been taking part for ten years. It is a great opportunity to learn the language and culture of Great Britain, the USA and Australia. This year some of our students from 3º and 4º ESO participated enthusiastically and we are pretty sure they did really well.

Contestants' comments

Last 4th May at 12:35 in Pablo Serrano High School, some students took a hard exam which will determinate their English level.

The students who get the best marks will be rewarded with a lot of prizes like a tablet, a diary, ... If I were you, I would participate. It's FANTASTIC!

Pablo Gargallo & Leonardo Muñoz, 3º B

The Big Challenge is a progressive test that consists of 45 questions (easy, medium, hard) about grammar and the culture of the English speaking countries.

If you take this exam, you enter a contest and you can receive a lot of prices.

Loreto García, Marc Gómez, María Mir & Elena Sánchez, 3º B

We think that it was an interesting challenge because we had the opportunity to learn more English, such as the pronunciation, new vocabulary... The challenge was really exciting and entertaining.

Selena Pauliuc y Erika Gracia, 3ºESOB

In our opinion, the Big Challenge is a very nice opportunity to know your level of English language and English culture. The questions are divided into three levels: easy, medium and difficult. The Big Challenge is exciting and we love doing it.

Alberto Andreu, Joel Espinosa and Adrián Gil, 3º B
